The colours of nature are realised in a balanced range of colours transmitted from land to sea. The versatility of the blue colours represent the depth and mystery of the cold seas. True to our maritime inspiration we use red and deep red as active accent colours.

A simple uncomplicated palette reflected by the harmonic colours in Nordic nature. Our blue colours has a true Nordic feeling, all are inspired by water. Brown, sand, grey from earth and stones. As nature in the surrounding coastal landscapes. Winter white as a feminine highlight.
